

### Caterpillars learning

We are learning about people in our community. So far we've played doctors in our roleplay area and had visits from the police and the fire service. We looked at the hosepipes, the ladders on the engine and even heard the siren. Outside we've been playing with large balls, throwing them, kicking them and trying our best to catch them too!

**Safety message :**  
Please make sure the green gate is firmly closed behind you to keep our children safe!

### Getting ready for school:

Crewe Library has a range of stories which are available to support you in talking to your child about changes and moving into school.

Next half term Nursery will be running a 'Getting ready for school' special event - further details will follow.

### Butterflies learning

What do you want to be when you grow up? We've had exciting visits from pilot Amy, who showed us the cockpit and giant maps, the police who showed us the car and all their kit and fire service with the engine and safety equipment. In our roleplay areas we've been builders, shop assistants and hairdressers too. We've been busy going shopping in small groups to buy snack for all the children in nursery. Phew, those bags of apples are heavy!
